# Plastiche

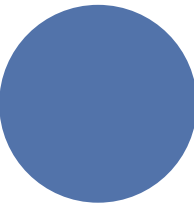

## Plastics

La sedia art. 0154 è una sedia innovativa per diversi aspetti del suo progetto. La sfida di realizzare un prodotto a tecnologia avanzata con plus d'avanguardia ha posto l'azienda di fronte ad una complessità produttiva di grande rilievo tecnico. Leggerezza, impilabilità verticale e orizzontale e resistenza sono associati ad un design accattivante e innovativo. Linee fluenti e essenziali contrappongono il faggio tradizionale al pp colorato per un risultato estetico che parla il linguaggio del futuro nel rispetto per l'ambiente.
